Subject: Re: EPA Letter re Hunters Point Path Forward

Chris,

I understand you received this email earlier today. Tomorrow, we will share this letter with the city. We hope they share with Supervisor Walton and Dr. Hunnicutt. On Monday, we will share with Congressional offices.

Also on Monday morning, we have a meeting with the Navy to further discuss this path forward plan in the letter. Please let me know if you would like to connect later next week on these items.

Yolanda

Here's the letter I just sent my counterpart at the Navy in preparation for the EPA/navy meeting on Monday. I hope the letter provides the basis for a constructive dialogue leading to an agreement on a path forward and to the start of some field work this FY.

Let me know if you have any questions.

Enrique

Subject: EPA Letter re Hunters Point Path Forward

Dear Laura,

In follow up to my March 27, 2019 letter, I am sending the attached letter and enclosure describing a path forward for Hunters Point radiological rework. Thank you for agreeing to meet April 15, 2019. I hope this letter can facilitate a productive meeting with you, your team, and our state colleagues. I look forward to seeing you Monday.

Enrique
